Got a dodgy text?

Pause before you tap.

Sound familiar?

- “Your parcel couldn’t be delivered.”
- “You have an unpaid toll.”
- “Pay now or your account will be locked.”

1 **Leave the link alone.**

Don’t tap it, reply, or call a number in the text.

---

2 **Check it yourself.**

Open the official app or go to the website you normally use.

---

3 **Still looks dodgy?**

Use your phone’s spam report option if available, then delete it.
