Buying resale tickets? Check before you pay.

A screenshot of a ticket doesn’t prove it’s real or still valid.

1 **Start with the event’s website.**
Look for the official seller or an authorised resale option.

2 **Keep payment on the platform.**
Don’t send a bank transfer to a stranger.

3 **Walk away from pressure.**
If a seller rushes you, pause and check the offer.

No ticket is worth rushing into a payment.
